The summer program for graduate students consists of short (week-long) intensive courses throughout the summer. For more information, click here.

Undergraduate: Jul 28 - Aug 6, 2026

The two-week undergraduate summer program consists of two courses focused on technology and entrepreneurship. Our classes meet daily, one in the morning, one in the afternoon, along with company visits and cultural events. Students can take either one or both courses. For more information, click here.

The summer exchange ratio is 3:1.

Doing Business in Israel

Graduate: May 12-20, 2026

Dive into the heart of Israel's innovation economy with the Doing Business in Israel (DBI) program - a 9-day intensive seminar designed for international MBA students. The program combines lectures on macro-economics, strategy, and innovation with real-world case studies, company visits, and conversations with executives, entrepreneurs, and government officials. Participants gain a holistic understanding of Israel's unique business environment and entrepreneurial spirit.

For more information about DBI, visit our website here.

Virtual Exchange Program

Graduate: Fall 2026, Modules 1 & 2

Tel Aviv University's Coller School of Management invites students from partner universities to join our Virtual Exchange Program - a unique opportunity to study cutting-edge business topics online with Coller faculty, guest speakers from the Israeli business world, and peers from around the globe. Through two interactive, English-taught online courses, *Fundamentals of Blockchain* and *Consumer Success*, students gain real-world insights and a global experience, while earning credits and connecting with Israel's dynamic innovation ecosystem from anywhere in the world. For more information, click here.

Nomination Procedure

A student's home institution's exchange coordinator should send a formal exchange nomination by our deadline.

We will email the online nomination form to coordinators in the early spring.

The online nomination form requires the students' name, citizenship, gender, birthdate, university email address, and secondary email address.

Application Procedure

Once the home institution nominates a student, Coller's Incoming Coordinator will reach out and ask the student to complete our Exchange Application.

Required documents for students from partner schools:

- Transcripts/record of studies
- CV
- Passport photo
- English certification, if needed (see below regarding English Requirements)

Required documents for Free Movers (from non-partner schools)

- Transcripts/record of past and current studies
- CV
- Home institution's approval
- Passport Photo
- English Certification (more information under English Requirements)

Nomination Deadlines - AY2026-27

Summer Term: May 15, 2026

Fall Term: May 15, 2026

Spring Term: November 15, 2026

English Requirements

All courses in the Coller Exchange Program are taught in English. Therefore, a high level of English Proficiency is required. If your home university is a member of the PIM network, you are exempt from submitting English proficiency requirements. Otherwise, we ask for students to submit one of the following:

- TOEFL: a minimum of 100 on the internet-based test and 250 on the computer based test
- IELTS: a minimum of 7
- Students who completed their undergraduate studies in English or are currently studying their entire graduate degree in English can submit a letter from their home university confirming English proficiency in lieu of an English proficiency exam
- An official letter from an English expert at the home university that confirms the English level is B2 or above

Academics

Exams

Exam period is held for the three weeks following the end of each semester. We try to schedule all exams for exchange courses during the first week of exams.

Housing

On-Campus housing is offered on a limited basis, but cannot be guaranteed. Students should seek housing as soon as possible. The Exchange Coordinator will provide students with information on housing options around the city.

Off-campus housing is roughly 800-1200 USD per month (for a room in a shared rented apartment).

Expenses

Academic expenses: 100 USD per term

Living expenses: 1,000 USD per month (transportation, food, pastime, etc.)

Student activities: 100 USD (optional)

Sport Center membership ~400 USD per semester (optional).

Health Insurance

Exchange students must have health insurance either from their home country or preferably from an Israeli company. Tel Aviv University offers health insurance through an Israeli provider. The estimated cost is 2.5 USD per day.

Each student must provide health insurance coverage documents prior to arrival.

Student Visa

The letter of acceptance that will be issued by the Coller Exchange Coordinator may be used to obtain a student visa. Students should secure a student visa before arriving in Israel.

- **No tuition fees** for partner-school students
- Tuition for freemovers found on our website
- A 100 USD student activities fee is assessed for participation in trips and events held throughout the semester.

University Facilities

Spread out over 220 acres, the TAU campus is known for its aesthetic appeal, including attractive buildings, cafes, and various green spaces, where students spend time in between classes.

Facilities include several libraries and computer centers. Social activities are plentiful and the Campus Sports and Recreation Center provides a broad range of activities.

The Coller School of Management has up-to-date technological and electronic infrastructure enabling the use of the latest teaching techniques. Classrooms are equipped with audio-visual and remote media capability. There is a Wi-Fi network available throughout the campus.
